Kim,

Please initiate the ECN process for DSI 9298 to ensure that it gets into the blue file with all future shipments and all -111 kits in stock.

Thinking about it now, I probably was waiting to see if there was any negative feedback from Eurocopter Canada.

Sorry Peggy.

David

Chris gave the DSI to David and he hasn't heard anything back from him. No ECN written up on it yet.

Hi Kim,

I was unable to locate this DSI on the network in the ENg Files. Do you have an ECN for this DSI?

I understand that the ECN is what will get this into our files.

Thanks
Peggy

Hello David,
Sorry for the delay in responding, however I wanted to get buy in from all parties here at ECL.

They have all agree it looks good, so go ahead and issue the approved copy.

Thanks for your help.

Regards,

Dwayne Charette, C.P.P., C.P.M.

Dwayne,

My apologies for not getting this to you yesterday as promised. Please find attached the draft of DSI 9298 for moving the Landing Light for your review. We would appreciate your feedback if anything

doesn't make sense or if you have any recommendations. Once we hear that everything is OK from your end, I will approve it and send you an approved copy.

Thanks for your patience and co-operation.

Regards,
DART AEROSPACE LTD.

David Shepherd
